Both parties shall communicate planned changes to their device as far as the combination may be affected. All external communication, e.g. claims and incidents in respect to the combination shall immediately be communicated between the parties. In case of communication to Competent Authorities the parties will exchange information first. Support for requests from authorities and requests for investigations of adverse events shall be provided by both parties within the time frame defined by the authority or manufacturer. The responsibilities described above for combinations, does not affect the responsibilities of the installer to review the related documentation, condition of the wheelchair and evaluate the safe use of the combination by the user.

This combination agreement has been drawn up in two copies, one for each party.
